

Law and Order in Ancient Athens

The classical Athenian state had almost no formal coercive apparatus to ensure order or compliance with law: there was no professional police force or public prosecutor, and nearly every step in the legal process depended on private initiative. And yet Athens was a remarkably peaceful and well-ordered society by both ancient and contemporary standards. Why? *Law and Order in Ancient Athens* draws on contemporary legal scholarship to explore how order was maintained in Athens. Lanni argues that law and formal legal institutions played a greater role in maintaining order than is generally acknowledged. The legal system did encourage compliance with law, but not through the familiar deterrence mechanism of imposing sanctions for violating statutes. Lanni shows how formal institutions facilitated the operation of informal social control in a society that was too large and diverse to be characterized as a face-to-face community or close-knit group.

No stencils or patterns are ever used. Every birdhouse is treated with several coats of high quality exterior varnish for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness doesn't end. Birds will continue to use them as shelter from weather and for protection from predators. If you don't see what you want, please contact me for a custom made gourd creation or inquire about other types of artwork...anything from pet portraits to painted milkcans! Enjoy your visit!
