

Beached

Arty is huge. Ginormous. Morbidly and grossly obese, hes in need of a gastric bypass to save his life. At over 400 kilos, hes the worlds fattest teenager. Arty is also being followed by a reality TV crew. Will he lose the kilos needed to have the op? Will he survive to eat another cream puff? Will Louise, his Pathways-to-Work officer, transform his life in ways he never imagined? Unapologetically satiric, Beached is also the moving story of a man imprisoned in his own body. It lays bare the mercenary nature of reality TV, and turns the microscope on societys insatiable appetite for human misery.

No stencils or patterns are ever used. Every birdhouse is treated with several coats of high quality exterior varnish for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness doesn't end. Birds will continue to use them as shelter from weather and for protection from predators.
