

Becoming Bold & Beautiful: 25 Years of Making the Worlds Most Popular Daytime Soap Opera

Becoming Bold & Beautiful 25 Years of Making the Worlds Most Popular Daytime Soap Opera The Bold and the Beautiful is the worlds most watched daily dramatic serial, seen by a daily viewing audience of over 35 million people in more than 100 countries worldwide. Take a rare and revealing look at what happens outside the camera frame as the cast and crew work to create episodes of the series, in studio in Los Angeles; stage 31 of CBS Television City, its home for 25 years; and in such beautiful locations as Paradise Cove in Malibu, California; Cabo San Lucas, Mexico and Aspen, Colorado. See how Stage 31 is transformed from an empty dark stage into a stunning family Christmas dinner at the Forresters sumptuous residence in Beverly Hills. Or how the crew shot on the hottest day of the year in downtown Los Angeles on Skid Row. From special fall holidays, such as Thanksgiving and Halloween, to episodes that shock the senses, such as Hopes graduation party, a modern-day take on a masquerade ball. See images of CGI used to create Brooke and Thomass berry-induced hallucination on the desert island in the South Pacific. Travel back in time to the inception of the series in 1987 and the early years, including the original press kit and early black and white photos. See how the series creators, the Bell family, mirror the fictional Forrester family. With a special section celebrating Darlene Conley (as knock-off queen Sally Spectra) and never-before-published photos of how it all began, fans of the series will live through the early days of the series again. For 25 years, The Bold and the Beautiful has delighted and fascinated audiences all over the world. Now the spirit of the series, past and present, has been captured in more than 200 photographs of the cast and crew by some of Hollywoods best photographers and compiled into one work.

No stencils or patterns are ever used. Every birdhouse is treated with several coats of high quality exterior varnish for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness doesn't end. Birds will continue to use them as shelter from weather and for protection from predators.
