

Scratch & Solve® Tough Hangman for Your Pocket (Scratch & Solve® Series)

Now puzzle fans can test their language skills any time they want with this clever, solitary scratch-off version of Hangman. Here's how it goes: each page features one puzzle, and each puzzle has the 26 letters of the alphabet accompanied by silver circles to scratch off. Choose a letter, give it a rub, and see if it's in the puzzle, and where. But watch out: six misses and you're hanged!

No stencils or patterns are ever used. Every birdhouse is treated with several coats of high quality exterior varnish for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness doesn't end. Birds will continue to use them as shelter from weather and for protection from predators.
