

The Boo

Bestselling author Pat Conroy's debut novel, now available as an ebook, is a powerful story of a man's undoing at the hands of his greatest admirer. At the South Carolina military academy, the Citadel, amid the tumult of the 1960s, Cadet Peter Cates is an anomaly. He is a gifted writer, a talented basketball player, and a good student, but his outward successes do little to impress his abusive father. Instead, Cates is mentored by Lt. Colonel Courvoisier, an imposing and inspiring man whom the cadets have nicknamed the Boo. But when Cates writes a searing letter condemning the school's meek response to a stabbing on campus, his bond with the Boo will be threatened as both are forced to confront what it means to be a man of honor. Set against the richly drawn military school backdrop that Conroy would return to in his bestseller *The Lords of Discipline*, *The Boo* is an unforgettable story of duty, loyalty, and standing up for what is right in the face of overwhelming circumstances.

No stencils or patterns are ever used. Every birdhouse is treated with several coats of high quality exterior varnish for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness doesn't end. Birds will continue to use them as shelter from weather and for protection from predators.
