

The Active Learner: Successful Study Strategies

This text offers a metacognitive approach that develops an awareness of students thought processes, study strategies, attitudes, and habits. It discusses how students can learn more in less time and with greater ease and confidence, and the book's modular format accommodates the emerging needs of any learning environment. Practice exercises are keyed to two new text excerpts. Together with an array of study-reading techniques, the authors introduce proven strategies for vocabulary building, memory improvement, test-taking skills, and library research strategies. The book incorporates the latest research in learning theory and features an array of optional strategies, resulting in great flexibility of presentation and application for instructors. The authors consider student goals, lifestyles, and learning styles as factors that affect student understanding. Students take brief diagnostic surveys followed by guided practice in strategies to improve performance on certain tasks. The Third Edition offers the following additional improvements: * A new chapter that covers the stages of researching and writing a term paper. * A new glossary section. * A new chapter for creating a personal study profile. * A revised section for finding sources in the library, including suggestions for efficient online searches. * A journal entry at the end of each chapter.

No stencils or patterns are ever used. Every birdhouse is treated with several coats of high quality exterior varnish for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness doesn't end. Birds will continue to use them as shelter from weather and for protection from predators. If you don't see what you want, please contact me for a custom made gourd creation or inquire about other types of artwork...anything from pet portraits to painted milkcans! Enjoy your visit!
