

Jack Pierce: The Man Behind The Monsters

JACK PIERCE - THE MAN BEHIND THE MONSTERS chronicles the career exploits of Universals classic monster creator, Jack Pierce, who was with the studio during their horror heyday of 1928-1947. After freelancing in Hollywoods earliest days as an actor, stuntman and assistant director, Pierce flourished in makeup in the 1910s and 1920s, first making himself into any variety of movie extras called for on fledgling studio lots. Then, from 1930-1947, Pierce created some of cinema historys most distinguishable icons of fright, including Frankensteins Monster, The Mummy, The Bride of Frankenstein, Ygor, The Wolf Man, and The Phantom of the Opera among his many classic creations. Contained in this unique publication are detailed text and photos from every significant film of Pierces career, spanning the mid-1910s to the mid-1960s.

No stencils or patterns are ever used. Every birdhouse is treated with several coats of high quality exterior varnish for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness doesn't end. Birds will continue to use them as shelter from weather and for protection from predators.
