

Cases and Materials on the Carriage of Goods by Sea

This book provides a collection of materials relating to the carriage of goods by sea. It examines the policies upon which these rules and their interpretations are based - both those rules having no direct counterpart in other areas of law, and those arising from the adaptation of general civil law.

Every birdhouse is treated with several coats of high quality exterior varnish for protection from the elements and to ensure colors will stay bright throughout the seasons. Birds love gourds for nesting and will often return to the same one year after year. When nesting season ends, the gourd's usefulness doesn't end. Birds will continue to use them as shelter from weather and for protection from predators.
